BED AND BREAKFAST: THE BANFF APPROACH

A variety of accommodation options are required to meet the differing tastes and budgets of the approximately four million annual visitors to Banff. Bed and Breakfasts are an important component of the accommodation selection. Because Bed & Breakfasts are usually located in residential neighbourhoods, Banff must balance the needs of visitors and residents. The aim is to give visitors the bed and breakfast experience while retaining the character and quality of the neighbourhood for residents.

WHAT IS A BED AND BREAKFAST?

A Bed and Breakfast is a home in a residential district that provides nightly accommodation to visitors. Bed and Breakfasts are classified into two types in the Town of Banff Land Use Bylaw:

Bed and Breakfast Home means a single detached dwelling that is owner occupied and where, as an ancillary activity, sleeping accommodation is provided to members of the traveling public for remuneration. Only the live-in owner(s) of the home may operate and manage the business. All new proposals for Bed & Breakfast operations will fall into this category.

Bed and Breakfast Inn refers to an existing Bed and Breakfast home larger than typical that does not have more than 10 commercial accommodation units and there is evidence it was in operation and licensed continuously for at least 5 years immediately prior to January 1, 1990. No new proposals for Bed & Breakfast Inns will be permitted.

IS A DEVELOPMENT PERMIT REQUIRED?

A Development Permit is required to confirm that the proposal will comply with the regulations pertaining to Bed and Breakfasts in the Land Use Bylaw. Development Permits for Bed and Breakfasts must be renewed every year in conjunction with the business licence. As a Bed and Breakfast Home is specific to the Live-in Owner, they cannot be transferred to a new property owner.

IS A BUSINESS LICENCE REQUIRED?

If your Development Permit is approved you will also need a business licence issued by the Town of Banff. For further information, contact the Business Licence clerk at Town Hall at 403-985-9016.

HOW TO COMPLETE A DEVELOPMENT PERMIT APPLICATION FORM FOR A BED AND BREAKFAST HOME:

Each Development Permit application form contains a list of plans and materials that must accompany the application. In certain cases, a Development Officer may waive some of the listed requirements. In addition, prior to submitting a Development Permit application, the proposal should satisfy the regulations and objectives of the Town of Banff Land Use Bylaw, Banff Design Guidelines and other relevant documents:

BANFF LAND USE BYLAW

The Town of Banff Land Use Bylaw identifies a number of different land use districts within the town boundaries. Bed and Breakfasts are considered discretionary uses in a limited range of residential neighbourhoods. A total of 65 Bed and Breakfasts may be permitted to operate at any one time in the town of Banff. The maximum number of Bed and Breakfasts within each residential district where Bed and Breakfasts may be considered is outlined in Schedule “D” of the Land Use Bylaw. Additional regulations for Bed and Breakfasts are outlined in the “Specific Use Regulations” section of the Land Use Bylaw.

ELIGIBLE RESIDENT STATUS

Parks Canada has certain restrictions regarding who has a “need to reside” within a National Park. Since operating a Bed and Breakfast does not, in itself, provide a “need to reside”, you must provide written confirmation of your eligible resident status from Parks Canada with your application for Bed and Breakfast. Please contact the Banff National Park office at 762-1564 for more information about the “need to reside” requirement.

WHAT ARE SOME OF THE SPECIFIC REGULATIONS PERTAINING TO BED AND BREAKFAST HOMES?

All Bed and Breakfasts shall comply with the following:

- A Bed and Breakfast home may only be located within single detached housing;
- A Bed and Breakfast shall be operated exclusively by a live-in owner as an accessory use;
- A Bed and Breakfast home shall not contain more than four guest rooms;
- A Bed and Breakfast shall not change the principal residential character, use or external appearance of the dwelling;
- A guest room shall not contain a kitchen;
- The minimum size of any guest room, exclusive of closets, is 9.0m² with no dimension less than 2.4m;
- An outdoor amenity space adjacent to the dwelling suitable for the relaxation of guests, which shall have a minimum area of 9.0m², must be provided;
- In addition to individual guest rooms within the dwelling, a Bed and Breakfast must contain an indoor amenity space suitable for the relaxation of guests, which shall have a minimum area of 9.0m²;
- The Bed and Breakfast shall not generate vehicular traffic in excess of that which is characteristic of the residential district in which it is located;
- Adequate parking at the rate of one parking stall per guest room must be provided on the site, parking of guest vehicles on public roadways is not permitted;
- Signs must conform to the Banff Design Guidelines and require a separate permit;

A Bed and Breakfast must comply with the provincial health standards and guidelines for bed and breakfast facilities and a food establishment permit is required if food will be served to guests. Please contact the Public Health Inspector at 762-2990 for more information. A Bed and Breakfast must also comply with all building and fire safety codes.

HOW DOES THE DEVELOPMENT PERMIT APPROVAL PROCESS WORK?

Once a Development Permit application is received and deemed to be complete, it is reviewed for consistency with the Land Use Bylaw and other relevant documents. The application may also be circulated to other municipal departments, Parks Canada, and other advisory bodies for comment. The duration of the review period is at least four weeks and can be longer, depending on the volume of work being handled by Town of Banff staff and external agencies and the complexity of the proposed development.

All Bed and Breakfasts are regulated as discretionary uses so the application is referred to the Municipal Planning Commission (MPC) for review and decision. The MPC consists of two Councillors, five public representatives and one Parks Canada representative. The MPC has the ability to refuse development permit applications for Bed and Breakfasts (discretionary uses) even though they may meet the minimum standards of the Land Use Bylaw. The MPC may approve a permit for a Bed and Breakfast that does not entirely conform to the bylaw only if a variance to the bylaw would contribute to the preservation of a recognized heritage resource as identified on the Town of Banff Registry of Recognized Heritage Resources.

Once a decision is made and a Notice of Decision is issued, there is a statutory 14-day period during which the applicant or any affected person may appeal the decision of the MPC to the Development Appeal Board (DAB). As a quasi-judicial board, the DAB has the power to uphold, deny, or vary the decision of the MPC. The Notice of Decision may also be accompanied by a number of conditions, which are required to be satisfied prior to the issuance of a Development Permit. At the end of the 14-day appeal period and once all required conditions have been met, except those of a continuing nature, the Development Officer may issue a Development Permit. Once a Development Permit has been issued, you may obtain a business licence.

WHAT IS THE FEE FOR PROCESSING A DEVELOPMENT PERMIT APPLICATION?

Application processing fees vary according to the number of guest rooms (commercial accommodation units) proposed and are outlined in the Development Processing Fees Schedule. These fees are non-refundable after the circulation of the application has been made. Contact Town of Banff Planning and Development staff for more information.

The Town of Banff Land Use Bylaw and other planning documents are available on the Town of Banff website (www.banff.ca) or at the Banff Town Hall.
